IDEA 0527
Copy 4 of 5

23 OCT 1961

MEMORANDUM FOR: AFCIG-5
Headquarters USAF

ATTENTION: Colonel L. P. Geary

SUBJECT: Support for FLIPTOP Operation

1. It is requested that assistance and/or coordination be provided in support of a FLIPTOP operation planned for 26 October 1961. This will be the first operational mission flown since gaining an inflight refueling capability, and it is highly desirable to employ the tactic in conjunction with this relatively safe ZI type requirement. In addition to exercising the capability under operational conditions, it will preclude the necessity of the Del Rio stagings on future missions of this kind. In the event no problems are encountered on this trial exercise, it is anticipated that on future FLIPTOP sorties, two Edwards AFB men can recover the vehicle, refuel and launch the replacement, and ferry the pilot back to Edwards in about an hour after the post strike landing.
